

Galapagos Program Applications to Biological Science Majors

Track	Fulfills the following requirements
BA Biology (BIO)	<ul style="list-style-type: none"> - Advanced Group 'A' - All Three Diversification Electives
BS General Track (BSG)	<ul style="list-style-type: none"> - 4-credit Laboratory - Advanced Ecology / Evolution Group Core Elective - 1 advanced elective <p>or</p> <ul style="list-style-type: none"> - Advanced Ecology / Evolution Group Core Elective - 2 advanced electives
BS Biochemistry (BBC)	<ul style="list-style-type: none"> - 1 Diversification Elective
BS Computational Biology (BCB)	<ul style="list-style-type: none"> - Advanced Biology Elective - Dversifciation Elective
BSCell and Developmental Biology (BCD)	<ul style="list-style-type: none"> - 1 Diversification Elective
BS Ecology & Evolutionary Biology (BEB)	<ul style="list-style-type: none"> - BIO 205 Evolution Advanced Requirement - BIO 263 Ecology Advanced Requirement - One Advanced Elective
BS Microbiology (BMB)	<ul style="list-style-type: none"> - Diversification Elective
BS Molecular Genetics (BMG)	<ul style="list-style-type: none"> - One Advanced Elective - Diversification Elective
BS Neuroscience (BNS)	<ul style="list-style-type: none"> - Diversification Elective
Computational Bio Minor (CB)	NA
Biology Minor (BI)	<ul style="list-style-type: none"> - All Three Diversification Electives
Biotech Certificate	NA
