## University of Rochester Department of Chemistry NSF Research Experience for Undergraduates program

Name				
U.S. Citizen or Yes Permanent Resident	No College	or University		
Campus Mail Address				
			(Phone)	
Home Address				
E-mail address				
Year of Gradu	ation	Degree Expected	N	Iajor
Available dates: (10 weeks m	inimum)	to		
Career objectives:	Advanced Degree	Fiel	d	
Academic	Industr	у	Government	
Research	Other			
Have you ever worked on a re responsibilities briefly. When		No Yes	If yes, please describe ye	our

Please list your preferred area(s) of research for the summer (for example, physical, organic synthesis, bio-organic, physical organic, mechanism, bio-inorganic, inorganic, organometallic, nuclear, biophysical, molecular spectroscopy and theory, materials science, dynamics, polymer, environmental chemistry, etc.). If you have preference for working with a specific professor, please include her/his name.

Do you have experience with computer programs?	No	Yes

Which programs?\_\_\_\_\_

Please list the courses in chemistry, physics, mathematics and biology that you have taken or are taking and the grade. What is your overall grade point average?

Please describe your expectations from a Summer Research Program and your best current sense of your long-term professional objectives.

Please give the name, address and telephone number of two science faculty members who will be sending letters of reference:

1.

2.

The questions below provide information we must provide to the National Science Foundation. If you choose not to answer, it will not affect your application.

Male \_\_\_\_\_ Female \_\_\_\_\_ African American \_\_\_\_\_ American Indian \_\_\_\_\_ Pacific Islander \_\_\_\_\_ Hispanic \_\_\_\_\_ White (non-Hispanic origin) \_\_\_\_\_ Other \_\_\_\_\_ Please attach a resumé and arrange to have transcripts of all college and university work and two letters of recommendation from science faculty sent directly to the address below. All materials are due by February 14, 2017.
