

CHEMISTRY ADVISING HOURS

Undergraduate Advising Week

October 29 - November 2, 2018

Students should feel free to stop by during the times listed below with any questions. No appointment is necessary for the Open Advising hours. Please note:

- all members of the Chemistry Undergraduate Studies Committee can sign required paperwork to **declare a major or minor in chemistry**. (www.sas.rochester.edu/chm/undergraduate/usc.html)
- requests for **transfer or course credit** should be directed to Deb Contestabile (ugradadm@chem.rochester.edu) in the Undergraduate Studies Office, or Prof. David McCamant. It is helpful to email course information in advance if possible.
- students are also encouraged to contact one of our **Peer Advisors** for assistance. (www.sas.rochester.edu/chm/undergraduate/peer.html)
