

Music Department Degree Requirements: Major, Minor, and Special Programs

Requirements for the B.A. Concentration in Music

All music majors choose from a variety of emphases within the concentration. The emphases comprise between 63 and 73 credits, depending upon background, pre-college preparation, and the particular emphasis selected. Students may choose the basic emphasis or opt for specialization in composition, conducting, history/theory, music in world cultures, musical theater, performance, popular music/jazz. Within each emphasis, the concentration requirements fall into six areas. All music majors are required to take the “core courses” in music theory, music history, musicianship, and keyboard skills as listed below. Requirements for ensemble, private instruction, and electives vary within the emphasis. B.A. / M.A. programs in music education and ethnomusicology, the honors program, and the music minor are described in this booklet.

Majors are encouraged to participate in one or more ensembles beyond the minimum requirement, although no more than 8 credits can be applied toward the degree (the performance emphasis is an exception). Majors can also participate in Chamber Ensemble and Mbira, but it will not count toward fulfillment of the ensemble requirement.

Electives

Credits may be chosen from any MUSC course numbered 120 or higher and/or Eastman course numbered 200 or higher (except Eastman MHS 421-6). Unless stated otherwise in the requirements for the emphasis, no ensemble or private instruction credits may be included.

The B.A. / M.A. Program in Music Education leading to Teaching Certification

Also known as the EAGER Program (Early Admission to Graduate study at Eastman for Rochester Students)

The College Music Department and the Music Education Department at the Eastman School of Music offer an option that allows a limited number of undergraduates to get an early start on a Master of Arts degree in Music Education at Eastman. The program normally takes 5 1/2 or 6 years to complete. Along with the Master's degree, students also receive initial certification in teaching music in New York State public school system.
